Flat Snap-In-Jack Module, 45x45mm

Datasheet: GD030392v10

LEVITON

APPLICATION

The Flat Snap-In Jack module is a compact, robust and aesthetic design that allows for easy insertion of a variety of snap-in jacks. The modules are designed to fit a range of trunking designs and have been thoroughly tested to ensure excellent retention within trunking. The modules are fully compatible with the Leviton range of continental UNI-style faceplates.
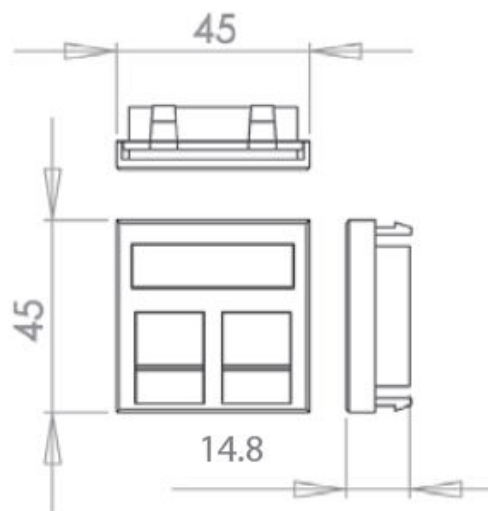

FEATURES

- Suitable for both shielded and unshielded Leviton snap-in jacks

- Port protection via sprung shutter door

- Mountable in 4 x 90-degree orientations

- Allows for horizontal install for ease of patch cord insertion

- White (RAL9010)

- Recyclable plastics used throughout

MMCUNILGD45001

ORDER INFO
